

Mater's GP Education Program 2010

Mark your diaries - in 2010 Mater is delivering its most extensive GP Education Program yet. With the inclusion of two conferences and 18 education events GPs will have access to the region's leading specialists, hand-picked to provide the most relevant and up-to-date topics to ensure best patient outcomes.

Mater is dedicated to incorporating interactive education methods aimed at capturing audiences to ensure its education is not only informative, but also engaging and motivating; rotating workstations, speed meetings and interactive case studies are to name a few.

Boasting four private and three public hospitals, including mothers, adults and children's facilities, Mater is equipped to deliver an extensive scope of education topics to motivate you throughout 2010.
